

## These Days

Orion Sun

I've seen love free the sword  
If it's love that keeps us warm  
I've got it for you  
I've got it for you

That's life, so sad  
Flew a little close to the sun  
You're tryna get me back but I'm gone, gone, gone

These days, these days  
I'm tryna keep my head above water  
Keep my head above water, you know  
These days, these days  
I swear it's so cyclical, merry-go  
I don't know

Let it be known throughout the land  
I have thrown up both my hands  
I need you more than I can bear  
I surrender

That's life, too bad  
You flew a little close to the sun  
You're tryna get it back but it's gone, gone, gone

These days, these days  
I'm tryna keep my head above water  
Keep my head above water, you know  
These days, these days  
I swear it's so cyclical, merry-go  
I don't know

You're the one I need like air I breathe  
I don't even gotta think about it  
So many nights I cried and I cried and I cried  
And I don't think I can speak on it

That's life, too bad  
You flew a little close to the sun  
You're tryna get it back but it's gone, gone, gone

These days, these days  
I'm tryna keep my head above water  
Keep my head above water, you know  
These days, these days  
I swear it's so cyclical, merry-go  
I don't know
