

Siam Sam

Orleans

It's that clouded over day
And my friends are far away
Left me all alone to stay

So I'm going
And I won't be back no more
Well, I'm going
And I know where I'm headed for
Siam
With Sam
Well, I'm going
To Siam
And I'm taking
My buddy Sam

Folks come in and knock my door
Seems I've been through this before
And I ain't leaving here no more

So I'm going
And I won't be back no more
Well, I'm going
And I know where I'm headed for
Siam
With Sam
Well, I'm going
To Siam
And I'm going
Just like I am

Goodbye New York
Goodbye L.A
Now it's time to leave

Time's have changed and now I'm free
Got things to do, places to see
Just my little friend and me

Yeah, we're going
And we won't be back no more (Won't be back no more)
Well, we're going
And I know where we're headed for (Headed for)
Siam
With Sam
Well, I'm going to Siam
And I'm going
Just like I am
