(Thr6xinati)

Yeah

(Thr6xpack)

I don't know where I'm goin'
But I'm knowin' I'm gon' make it some day, uh-ayy
If I don't make it where I'm goin'
Can you make sure that my slime stay okay? Okay

Make sure he stay okay
Pour the mud up today
No reason to celebrate
'Cause all this shit go away
No, they don't make sure you ate
But you gotta make sure that they straight
I'm tryna push the V8
Let's go all the way outerspace
Let's go all the way out yo' mind
This shit don't stop, can't waste no time
I lost my dime like time to time
Can't give up now, feel like my time
I left that bullshit way behind
They say I'm gon' try to figure out why
I know that you gon' switch sides
'Cause they always switch sides
I'm still alive, can you hear me all alone?
I hope you're doing fine, since you left me in our home
And the lean taste like wine, pourin' red up, daily dose
And it seems like whole time, I was talkin' to a ghost

I was talkin' to a ghost
(Ghost, ghost, ghost, ghost)
I was talkin' to a ghost
(Ghost, ghost, ghost, ghost)
I was talkin' to a ghost (Uh, uh)
(Ghost, ghost, ghost, ghost)
I was talkin' to a ghost

I don't know where I'm goin'
But I'm knowin' I'm gon' make it some day, uh-ayy
If I don't make it where I'm goin'
Can you make sure that my slime stay okay? Okay
I don't know where I'm goin'
But I'm knowin' I'm gon' make it some day, uh-ayy
If I don't make it where I'm goin'
Can you make sure that my slimes stay okay? Okay
