### Oscar and the Wolf

I don't wanna see you  
I don't wanna talk about the things you used to  
I don't wanna see you  
I don't wanna talk about the things you used to  
Do, do, ooh

Heartbreak lover  
I fade into you  
Don't let me inside  
Change your colours  
I wanna see through you  
And everything you hide

So meet me when you're hardcore  
It's only when you leave me out of your head  
So meet me when you're high  
Yeah, you'll meet me in the light  
I don't know when you're ready  
I'll do it now when you're ready

I don't wanna see you  
I don't wanna talk about the things you used to  
Do, do, ooh  
I don't wanna see you  
I don't wanna talk about the things you used to  
Do, do, ooh

Deep, dark heaven  
You slowly fade  
Tear me up inside  
So draw my sorrow  
Left, right, yeah, I want you

So meet me when you're high  
Yeah, you'll meet me in the light  
I don't know when you're ready  
I'll do it now when you're ready

I don't wanna see you  
I don't wanna talk about the things you used to  
Do, do, ooh  
Do, do, ooh
