

Somebody Without U

Oscar and the Wolf

Tap, tap on the ceiling
Another night with this feeling
I really need you to talk to me, to me
Heavy heart, heavy breathing
How can a blood rush be healing
I'm really stuck on you like glue

And now I'm trying to get over and over and over
Trying to get over and over and over
Told me forever, you said
It would be you and I, you and I

I don't know how to be somebody without you
I don't know how to be somebody without you
There's pain in my chest 'cause you're careless
And now you're so stuck in my head
I don't know how to be somebody
Be somebody, be somebody without you

So what you said was all I knew
Doing me harm was all I found in you
And baby you left me and left without notice
Well I noticed
You are my hard line coming through
Try to believe but it was never true
So I'd be your heart, be your love, be your star
The sun in your eyes

And now I'm trying to get over and over and over
Trying to get over and over and over
Told me forever, you said
It would be you and I, you and I

I don't know how to be somebody without you
I don't know how to be somebody without you
There's pain in my chest 'cause you're careless
And now you're so stuck in my head
I don't know how to be somebody
Be somebody, be somebody without you
Be somebody without you

You're a heart break, baby
And I know this too
It's getting so much harder lately
To move on to something new

I don't know how to be somebody without you
I don't know how to be somebody without you

See, I don't know how to be somebody without you
I don't know how to be somebody without you
There's pain in my chest 'cause you're careless
And now you're so stuck in my head
I don't know how to be somebody
Be somebody, be somebody without you
