Oso Oso

Put a dart up on that map that's where I'm going
I don't care what disasters next round the bend
There's a blissful ignorance in me not knowing
Till I get knocked down on my ass once again

And I ignore all those holes in all those theories you convey
Yea I'm all ears to every holy thing you say

And I want you so bad (I want you so bad)
Want my time stolen, I want that so bad

Put a dart up on that map that's where I'm going
Follow this path down until its ugly end
I will shed this skin and once you see whats showing
You will take back every glance I loved you sent

And I ignore all those holes in all those theories you convey
It's like I worship every holy thing you say
And I ignore my whole truth, though it is glaring more each day
:
You are the only thing worthwhile about this place

And I want you so bad (I want you so bad)
Want my time stolen, I want that so bad
And I want you so bad (I want you so bad)
Want my time stolen, I want that so bad
