

# Crush

Otep

Shhhh, Its ok...  
I'm right here..  
I promise...  
I won't leave you..  
Everything will be ok...  
I wont..  
Leave you...  
Ever...

Don't be afraid!!  
Sweet, little stray!!

Don't be afraid...

I see you  
In your Sunday best  
I see you  
Feathering your nest...

And oh, how I liked you  
You were my very own

Oh, how I liked you!  
So, I followed you home...

I see you  
Day to day  
I see you  
And I love the way  
Your lips suck that cigarette  
I see you  
Haven't seen me yet...

And oh, how I liked you  
Your were my very own  
Oh, how I like you  
Even as I broke your bones...

Tell  
Me  
Please  
Does it hurt??

Tell  
Me  
Please  
Does it hurt??

You were my very own  
Oh, how I liked you!  
You were my very own  
Mine alone....

I made it so special for you  
A bed of roses for you to bloom...

I see you

Opening your mouth  
I see you  
Absent of doubt  
I see you  
Will never forget  
The night your life was mine to collect...

And oh, how I liked you  
You were my very own  
Oh, how I liked you  
As I covered you with stones....

Tell  
Me  
Please  
Does it hurt??

Tell  
Me  
Please  
Does it hurt??

If I can't have you no one can  
You'll stay with me among the damned  
To keep you warm, I'll hold you tight  
The fragrance of a graveyard night  
Will remind us of unending love  
& I'll forgive you chosen one...

No, no. Don't say those things...

Don't you say a fucking word!!  
Don't you know it fucking hurts??  
Don't you say a fucking word!!  
Don't you know it fucking hurts??

CRUSH!!  
CRUSH!!

You're ignoring me now.....

Oh, how I loved you!  
You were my very own!  
Oh, how I loved you!  
You were mine all alone!  
Oh, how I loved you!  
You were mine to control!  
Oh, how I loved you!  
Eyes & mouth packed with mud.....
