

# Full Disclosure

Otherwise

I've been around for too long  
Not to know right from wrong  
I've been selling myself out for fame on a song  
I ain't like them, no  
I've been biting my tongue  
But I know what you've done  
(So I'm done)  
Sick of the bullshit they're feeding me  
Not knowing your friends from your enemies  
Leading the blind  
Blurring the lines of humanity  
So you got something to say  
Say it to my fucking face  
I'm calling you out  
Outta the crowd  
You can meet me backstage

Full disclosure  
I thought I told ya  
I ain't like them other motherfuckers  
I'm a warrior  
Full disclosure  
The joke's over  
You might not know  
So I'm giving you full disclosure

Now I'm losing my youth  
Redefining the truth  
Now I'm more than just one  
I'm a father, a son  
I'm just like you  
I'm just trying to find what I'm leaving behind  
(Now I know)  
Everything's not what it seems  
In this American dream  
But I can tell you that it's worth it  
Just to hear 'em scream  
Someday you'll know what I mean  
Living the lessons you're learning from me  
But I can tell you, boy  
That nothing in this life is free

Full disclosure  
I thought I told ya  
I ain't like them other motherfuckers  
I'm a warrior  
Full disclosure  
The joke's over  
You might not know  
So I'm giving you full disclosure

Sick of the poison they're feeding me  
Not knowing your friends from your enemies  
Trying to murder my legacy  
Head blowing up like a Kennedy

So you got something to say

Say it to my fucking face

Full disclosure

Full disclosure

Full disclosure

I thought I told ya

I ain't like them other motherfuckers

I'm a warrior

Full disclosure

The joke's over

You might not know

So I'm giving you full disclosure

Sick of the poison they're feeding me

Not knowing your friends from your enemies

Trying to murder my legacy

Full disclosure

I thought I told ya

You might not know

So I'm giving you full disclosure

Yeah!
