

# Halo

## Otherwise

Caught up in your web  
Sickness in my head  
Come let your poison flow  
Through my soul  
I can't carve you out  
Too deep to disavow  
Come on and cut me down  
Just cut me down

You're so dangerous  
You're playing with a knife and I think I like it  
Show me your angel scars  
See it shimmer in the night  
With a razor and a lighter  
We'll burn and break through tomorrow  
[?] like a fire  
We'll go tearing down the halo

Halo  
We'll go tearing down the halo  
Halo, oh, oh, oh, oh, oh  
Tearing down the halo  
Halo  
Now we're tearing down the halo  
Halo, oh, oh, oh, oh, oh

Racing to chase the dead  
Lying in this bed  
We're safe among the bones  
We're safe among the bones  
Look at the damage done  
Laugh as our lifeblood runs  
A perfect ruby red  
Ruby red

I feel dangerous  
I'm playing with a knife and I think I like it  
Got me an angel scar  
See it glimmer in the night  
With a razor and a lighter  
We'll burn and break through tomorrow  
[?] like a fire  
We'll go tearing down the halo

Halo  
We'll go tearing down the halo  
Halo, oh, oh, oh, oh, oh  
Tearing down the halo  
Halo  
Now we're tearing down the halo  
Halo, oh, oh, oh, oh, oh

Show me who you are  
Show me your angel scar  
Your angel scar  
Ooh-oh-oh  
Together torn apart

You are my angel scar  
My angel scar

With a razor and a lighter  
We'll burn and break through tomorrow  
Throw your wings into the fire  
Yeah, we're tearing down the halo

Halo  
We'll go tearing down the halos  
Halo, oh, oh, oh, oh, oh  
Tearing down the halos  
Halo  
Now we're tearing down the halos  
Halo, oh, oh, oh, oh, oh  
Now we're tearing down the halos  
Halo, oh, oh, oh, oh, oh
