

# Miles Of Pain

Otherwise

Searching

Searching through miles of rain  
But nothing seems to change  
Feelings from facing all of the pain  
I try to find light in the gray

Without hope  
You lose yourself forever  
All I know  
Is you can't predict the weather  
Don't turn away from me  
The storm is calling me  
I can tell by the shade of the clouds that I'm alive  
My hope will be tonight  
The storm is calling me  
Don't give up

When you know that you've lost  
And heroes are not who they seem  
Won't find love  
Under darkness of trees  
When all that you see is the green  
How will you know

When no one helps each other  
Take control

It's now before it's never  
Don't turn away from me  
The storm is calling me  
I can tell by the shade of the clouds that I'm alive  
My hope will be tonight  
The storm is calling me

(I won't feel the sun in my eyes)  
(I won't feel the sun in my eyes)

Let the bridges fall  
So I'm blind  
Join the crossroads in my mind  
Without dark, light dies  
I make my way between both sides  
Breathe each breath 'til I find

All the peace that love can hide  
And all the sun that can't shine  
Don't turn away from me  
The storm is calling me  
I can tell by the shade of the clouds that I'm alive  
My hope will be tonight  
The storm is calling me
