

Money

Otherwise

If money never sleeps, then tell me,
Why the hell am I so tired?
Now my lease on life is up and
All my credit cards expired
Sex and sugar, sweet like honey
Love the taste of all that money!

I know we ain't millionaires
We don't really care, we just wanna get high
I know life ain't really fair
We ain't even scared, we just gotta get by
We're workin' day after day
Slave away, na-na-na-na
I know we ain't millionaires
I just gotta get by
I just gotta get my
Money, money
Money, na-na-na-na
Money, money
Money, na-na-na-na

Clingin' to a dream they say
It might be time for me to let go
But never mind that noise because
I wanna be like Gordon Gekko
Sex and sugar, sweet like honey
Love the taste of all that money!

I know we ain't millionaires
We don't really care, we just wanna get high
I know life ain't really fair
We ain't even scared, we just gotta get by
We're workin' day after day
Slave away, na-na-na-na
I know we ain't millionaires
I just gotta get by
I just gotta get my
Money, money
Money, na-na-na-na

I know we ain't millionaires
We don't really care, we just wanna get high
I know life ain't really fair
We ain't even scared, we just gotta get by
We're workin' day after day
Slave away, na-na-na-na
I know we ain't millionaires
I just gotta get by
I just gotta get my
Money, money
Money, na-na-na-na
Money, money
Money, na-na-na-na
