

## Direct Me

Otis Redding

I done cried a river of tears  
This you may not believe  
But I've been crying for five long years  
Afraid of all my fears

Love has got me now  
In a terrible bet  
I done lost the best little woman  
That I ever had

So direct Me  
Straight to my baby's love  
Direct Me  
Straight to my woman's love

Shame on me shame on me  
I made a big mistake  
When I see my babe again  
I'm gonna bake me her favorite cake

Ten thousand dollar reward  
For the first the one that finds her  
When I get my hands on her, y'all  
I'm gonna just chain and bound her

Somebody direct Me  
Straight to my baby's love  
Direct Me  
Straight to my woman's love, ou, ou

Deputy sherrif On your trail  
The FBI, I know,  
They won't fail, they can't fail  
They gonna bring you back

Somebody direct Me  
Straight to my baby's love  
Direct Me  
Straight to that woman's love

I got the feeling  
I wanna feel it, y'all  
Say I gotta feeling girl  
Lord, I wanna feel it, now, now  
I really do, really do, really, really  
I really do  
Ou wi, I need your love, now  
Needda your lovin' now  
Somebody direct me, now...
