

Don't Be Afraid Of Love

Otis Redding

Don't be afraid of love
Don't be afraid of love

If you want it you can get it
Just ask for
If you want it you can get it
Just ask for

If you want it you can get it
Just ask for it
No, don't, no, don't be afraid

Everybody, every girl, need love
Every boy, every girl, need love
Everybody in this world need love
No, don't, no, no, no, don't be afraid

If you want it you can get it
Just ask for
If you want it you can get it
Just ask for

If you want it you can get it
Just ask for it
No, don't, don't, don't don't, don't be afraid

If you love someone you should tell
If you love someone you should tell
If you love someone you should tell
No, don't, no, don't don't, don't be afraid

Don't be afraid of love
Don't be afraid of love
Don't be afraid of love
Don't be afraid of love
