

## Fire in the Hen House

Our Lady Peace

Fire in the hen house  
Protests in the deep south  
It's Shangri-La in reverse  
Time to call the wet nurse  
Markets on the rebound  
Riots in the ghost towns  
Dirty little secrets  
Always change and change and change

Accelerate, must accelerate  
Hesitate, mustn't hesitate  
Calculate, must recalculate what we've got wrong  
Happens deep inside our bones

Riders on the dust clouds  
Working for the rebound  
The casual acquaintance  
The dirty leaky basements  
They're calling on the reserves  
The famous and the unknown  
The crafty shape-shifters  
Always change and change and change

I see you change
