

Left Alone

Our Last Night

(Left alone, left alone)
Left alone, left alone

Tuning in to each disaster
Like it's something new
I swear that I wish it mattered, I really do
But I don't need a puppet master
To tell me how to live
I don't think I can run any faster from the lies

You think you can control me with
Don't know what world you live in
History repeated 'til now

I wanna be left alone
It's not too late to send you home
I'll cut these strings from my hands and feet
Enjoy the quiet peace, 'cause it's time for me to be
Left alone, left alone
(I wanna be left alone)
Left alone, left alone

I bet you thought this would be better
With you on top of the world
Waiting for me to crack under pressure from the lie
But you were someone I needed
Are you that conceited?
History repeated 'til now

I can free you for one
I could walk out of the door
And separate myself
'Cause I don't need your help

I wanna be left alone
It's not too late to send you home
I'll cut these strings from my hands and feet
Enjoy the quiet peace, 'cause it's time for me to be

Left alone, left alone (Left alone)
(I wanna be left alone)
Left alone, left alone (Left alone)
(I wanna be left alone)
