

# Summertown

## Our Mirage

Oh, oh, oh-oh  
Oh, oh, oh-oh

Every time we're laying in our beds  
There is this one thought in our heads  
We'd love to run our own new town  
Everyone we love's welcome around

No more sadness for a week or two  
Bright thoughts and beautiful balloons  
No useful bananas for me and you  
In our own summer town for a week or two

Our own summertown for a week or two  
Our own summertown

Summer, summer, summer  
Summertime, and the livin' is so bright  
Thoughts are free and balloons up in the sky  
(Oh, oh, oh-oh)  
Oh, yours fly's good and mine fly's high  
So why don't you just give it another try  
So baby baby don't give it up, oh don't you cry

Oh, oh, oh-oh  
Oh, oh, oh-oh

I can't wait to do weird stuff with you  
You can't wait to do weird stuff with me too  
This could be summer love, baby  
In our summer town - everything's for free

No tax but concerts everyday  
Unfortunately we're the only band to play  
Our fans are yelling our names  
Party hard, never sleep - play drinking games

Our own summertown for a week or two  
Our own summertown

Summer, summer, summer  
Summertime, and the livin' is so bright  
Thoughts are free and balloons up in the sky  
(Oh, oh, oh-oh)  
Oh, yours fly's good and mine fly's high  
So why don't you just give it another try  
So baby baby don't give it up, oh don't you cry

'Cause you're my best friend in the summer  
And we know summer's almost here  
It feels like summer sunshine air  
Gasping fastly through the atmosphere  
And I'll always remember the days we spent  
(Oh, oh)  
Please make this never end  
Please make this never end

Now there's no useful bananas at our town (town, town)  
It doesn't mean our fun's about to drown  
Having fun with ourselves is okay too  
I hope you'll come to visit soon
