Ours

I'm not scared
Maybe that's a lie
But we've lost too many people
We've got to leave this fight
We had fire in our eyes
That turned from blue to green
And demons in our hearts
We saw diamonds in the light
That turned our love to greed, and so
Dance to the beat
Give it all up
And dance to the beat
Give it all up
Maybe, maybe, we'll feel alive
Maybe, maybe, we'll be alive
I will stand
The dream of Peace alive
But this road has many detours
We've got to be the light
We had fire in our eyes
That turned from blue to green
And demons in our hearts
We saw diamonds, there were diamonds
So we...
Dance to the beat, give it all up
And dance to the beat, and give it all up and
Maybe, maybe we'll be alive
Maybe, maybe we'll be alive
Oh, to feel the beat of our hearts
Dancing [?]
Dance to the beat, give it all up and
Dance to the beat, and give it all up and
Maybe, maybe we'll feel alive
Maybe, maybe we'll be alive
Dance to the beat and give it all up and
Dance to the beat and give it all up, and
Maybe, maybe we'll feel alive
Maybe, maybe we'll be alive
Life will lead us and love will be our guide
Maybe, maybe
