

Bring It On

Ours

If there's love
In the moon and the stars up above
If it seems there's some pattern of trust
Yeah if there's love
If there's love
If there's love

Bring it on
(Bring it on now, bring it on now, bring it on)
Bring it on
(Bring it on now, bring it on now, bring it on)

Down on earth
We are killing and dying for what?
Who's the villain
The god or lover?
Yeah if there's love
If there's love
If there's love

Bring it on
(Bring it on now, bring it on now, bring it on)
Ooh love
(Bring it on now, bring it on now, bring it on)
Love love
(Bring it on now, bring it on)

One by one
I'll be taking my days
Cross my heart I'll
I'll be changing my ways
Told my baby
I'm gonna reach for the sun
Don't cry angel
There'll be peace where you're going

(Bring it on)
(Bring it on)

Ooh, ooh, ooh (Bring it on)
Ooh, ooh, ooh
Ooh, ooh, ooh (Bring it on)
Ooh, ooh, ooh
Yeah

(Bring it on now, bring it on now, bring it on)
(Bring it on now, bring it on now, bring it on)
