Disaster in a Halo

Lately I've been thinking about what you said Time is growing old and I am getting colder Hunger's just a pain that won't be fed I'll be working for the ghost until I'm dead and done Disaster in a halo Nothing even matters, nothing even matters, nothing even matter S Nothing even matters, nothing even matters, nothing even matter S Somewhere there's a girl with thoughts of him She makes wishes in a well then fears them caving in on her, ar ound, on her Disaster in a halo Nothing even matters, nothing even matters, nothing even matter S Nothing even matters, nothing even matters, nothing even matter 'Cause in the well, plans will come and plans will go undone I know, I know And you can't tell, I will come and I will go and I know, I kno W But why would I? But why would I? Disaster in a halo Nothing even matters, nothing even matters, nothing even matter S Nothing even matters, nothing even matters, nothing even matter S
