

Kill Me

Ours

In a daze seemed I saw you
I look for you and I don't mind
If I said I'd live for you I might bore you
But I don't mind

Do you wonder
If I'm even alive
Are you willing to die
Just to feel what it's like

So I try to ignore it
Think before it to another time
In my head I'll explore it
Will I pay for it with my life
Will I bleed like it's water
From my eyes
From my eyes
From my eyes
From my eyes

Do you wonder
If I'm even alive
Are you willing to die
Just to feel what it's like

If I...
Glorify stories
To ease all your worries
Maybe you'd come

Would you kill me
Could you kill me
Would you kill me for love
Would you kill me
Could you kill me
Would you kill me for love

Do you wonder
If I'm even alive
Are you willing to die
Just to feel what it's like

Do you wonder
If I'm even alive
Are you lonely tonight
Can you feel me inside

Kill me for love
Kill me for love
Kill me
