

# See The Light

Ours

I feel like I'm becoming a lie  
I think I've been losing my mind  
Does anybody feel like I do

And can you help me see the light  
Can you help me see the light  
I'm trying, I'm trying

I think I've been losing my sight  
Cuz nothing's ever going right  
Maybe I should listen this time

And can you help me see the light  
Can you help me see the light  
I'm trying, I'm trying, I'm trying

Can you help me see the light  
Can you help me see the light

The sun will shine  
We'll be alright  
The sun will shine  
We'll be alright
