

## So Mean

Ours

He's so mean, he's like a girl  
He needs it, but never learns  
Run faster you might  
Feel it tonight  
She's amused, she rolls her eyes  
He'll beat her and act like he's blind  
Run faster tonight  
Feel it you might  
Feel it tonight  
You'll find your wife  
He rolls his eyes  
Then he turned white  
I trusted and lusted  
It was my only one  
And now it is gone again  
Complaining, I hate him  
I am the lonely one  
Cause now he is gone again  
Look, look at her eyes  
Why can't she smile, why can't she smile?  
Run faster tonight  
Feel it you might  
Feel it tonight  
You'll find your wife  
I trusted, and lusted  
It was my only one  
But now it is gone again  
Complaining, I hate him  
I am the lonely one  
Cause now he is gone again  
Again  
Again  
Again, yeah
