

Your Man

Ours

Never before have I felt a love so strong
You open the door
I feel my body roar

Like a chemical you go
Straight to my blood
All is right and I am spinning

I'll reach my hand out to you baby
I'll put my life into your hands
I want you now
So don't say maybe, baby
I will be your man

Like a chemical you go
Straight to my blood
All is right and life is beginning

Everything's warm down here
And everything's calm
I kneel and give you some more
My baby you are the one

And forever we'll be one
Forever we'll be one
Forever we'll be one
Forever

I'll reach my hand out to you baby
I'll put my life into your hands
I want you bad
So don't say maybe, baby

I will be your man
I will be your man
I will be your man, man, man
I will be your man

Can you see the sun
Can you see the sun
Can you see the sun
