

## Eyes Wide Open

Out Of The Grey

Misinformation came around today  
She was quite convincing with all she had to say  
I was buying everything she had to sell  
My eyes grew heavy underneath the spell

Shake me, wake me from my slumber  
Lord, I need Your help

Help me keep my eyes wide open  
Got to keep my eyes wide open  
I will keep my eyes wide open  
Help me keep my eyes wide open  
Got my eyes wide, eyes wide open  
Got to keep my eyes on You

My mind was blinded by the bliss of ignorance  
With only half the truth, all I have is wishful thinking  
I am trying to be wise, I'm watching You  
To keep me far from dulling lullabies

Help me keep my eyes wide open  
Got to keep my eyes wide open  
I will keep my eyes wide open  
Help me keep my eyes wide open  
Got my eyes wide, eyes wide open  
Got to keep my eyes on You
