

To Keep Love Alive

Out Of The Grey

I would not be so naive
And still believe this couldn't happen to you and me
I would not risk it all
Just to pretend we couldn't fall so easily
I would not take the chance
And say romance is all we need

To keep love alive
I will give myself unselfishly
Though the hard times are sure to come someday
We won't live a lie and say it will be easy
To keep love alive

I will keep my heart true
For love is what we choose to do, not only what we feel
I will forgive and live as one who knows
How much has been forgiven me
I will not take the chance
And say romance is all we need

To keep love alive
I will give myself unselfishly
Though the hard times are sure to come someday
We won't live a lie and say it will be easy
To keep love alive

I can't imagine ever losing sight
Of me and you
Our hearts are bound so closely
And so easily together now
Together now

To keep love alive
I will give myself unselfishly
Though the hard times are sure to come someday
We won't live a lie and say it will be easy
To keep love alive

To keep love alive
I will give myself unselfishly
Though the hard times are sure to come someday
We won't live a lie and say it will be easy
To keep love alive
