

# Can't Wait

Outasight

I know what you're thinkin'  
Another lit weekend  
But the body don't stop  
When the beat's all dropped  
And the lights start blinkin'  
I'm on the au riviera  
Closin' deals like I'm [?]  
My shirt screams vacation  
But I'm still workin' here

My hand is spinnin' round, round, round  
Like doin' donuts in the parkin' lot  
Don't slow down  
It feels like I'm floatin' in the clouds  
Like a palm tree in the cool breeze  
Right now

Don't think too much  
You gotta roll with it  
No need to rush  
You got to go with it  
And when you're asking  
If I'm ready for it  
There's only one thing left to say

You know I can't wait  
I can't wait  
You should come and save me now  
Wait  
You know I can't wait  
You know I can't wait  
Woo!

(Break it down for me, ow!)

I wanna bring good vibes (Delivery)  
I just wanna make you smile  
Got the old school ride  
Inside lookin' like crocodile (Just playin')  
Man it's been a while  
Feelin' fresh like a newborn child (That's fresh)  
And it's a future classic  
Original is my only style

My gold chain swingin' round and round  
I'm vibin' to the music as the sound goes down around  
It feels like I'm floatin' in the clouds  
I wanna dance more and worry less  
Right now

Don't think too much  
You gotta roll with it  
No need to rush  
You got to go with it  
And when you're asking  
If I'm ready for it  
There's only one thing left to say

You know I can't wait  
(I can't wait no more)  
I can't wait  
You should come and save me right now  
Wait (Save me darling)  
You know I can't wait (Can't wait)  
You know I can't wait (I can't wait)  
Woo!

That summertime groove  
(Ow!) Hot hand  
Man I can't lose  
Nothin' to prove  
My crew is right here  
And we make it move after move (let's go)  
How you not payin' attention?  
Starin' at your likes and your mentions  
It's not easy believe me  
But make sure to enjoy every second

Don't think too much  
You gotta roll with it  
No need to rush  
You got to go with it  
And when you're asking  
If I'm ready for it  
There's only one thing left to say

You know I can't wait  
(I can't wait no more)  
I can't wait  
You should come and save me  
Can't wait (Oh baby)  
You know I can't wait (Can't wait)  
You know I can't wait (Can't wait)  
Woo!  
You know I can't wait (Oh yeah)  
You know I can't wait (Oh yeah)  
You know I can't wait (Oh yeah)  
Woo!  
You know I can't wait (I'm just sayin' baby)  
You know I can't wait  
Woo!
