

## Extra Special

## Outasight

You know when you're with me it goes down down down  
We can go where you want to go  
There's something in the air right now now now  
Makes me feel like it's possible!

Look around think everybody changing  
And I'd be lying if I said I was the same man  
New clothes! New flows! New game plan  
Skip all the small talk no conversation

Before the lights start fading  
I been thinking about how we can make it  
More real you know what I'm saying  
Here's a gold necklace with my name in it

Cause you're extra  
Extra special  
Not everybody  
Is gonna get you

Cause you're extra  
Extra special  
And I'll never ever ever forget you

You're extra special to me  
You're extra special to me  
You're extra special to me  
You're extra special to me

Vibing to the music it goes down down down  
You can close your eyes and go  
The feelings taking over right now now now  
It's like anything is possible

Two scoops of the brand new flavor  
I been acting on my worst behavior  
And while you're sitting and swerving  
I been real steady working trying to do something major

I'll pick you up anytime  
Old school same color clemetine  
This is all by design hit on my line  
Any mountain we can climb

Cause you're extra  
Extra special  
Not everybody  
Is gonna get you

Cause you're extra  
Extra special  
And I'll never ever ever forget you

You're extra special to me  
You're extra special to me  
You're extra special to me  
You're extra special to me

Riding roun in the all black something  
I don't know what the f y'all talking  
Been doing since radio New York man  
Play it loud play it often  
Lifted with a boss man  
Bruce in the Porshe Cayenne  
Dirty Diane in the speakers  
Speak up, posted up  
Outside the pizzeria  
Tank top on with a pair of white filas  
Can you really feel us  
Thinkin you can feed us  
Dream 2 seater eatin  
Fries at the galleria  
Long road but I never had amnesia  
Had to play the game like receivers  
Going deep  
Now I'm tryin to kick my feet up  
What you need bruh  
Let me check my schedule see if something clear up...  
I think booked my whole year up...  
Ah sorry nothing cleared up

Let it chill for a minute  
Let it chill for a minute  
Let it breathe for a minute  
Let it breathe for a minute  
Let it chill for a minute  
Let it chill for a minute  
Let it breathe for a minute  
Let it breathe for a minute

I'll do anything for ya  
(I'll do anything for ya)  
I'll do anything for ya  
(I'll do anything for ya)  
I'll do anything for ya  
(I'll do anything for ya)  
(I'll do anything)

Cause you're extra  
Extra special  
Not everybody  
Is gonna get you

Cause you're extra  
Extra special  
And I'll never ever ever forget you

You're extra special to me  
You're extra special to me  
You're extra special to me  
You're extra special to me
