

Feels Like

Outasight

Whassup, whassup, whassup, what's the scenario?
I'm a bird and about to go aerial
A different class, a new time material
Me 2.0 is far more superior
I keep it light but I know to stay serious
My assignment to make y'all delirious
Well, I think I'm cheering up
The skies are clearing up, a whole new experience

This make you wanna move
Get you back in your groove
Ah yeah that's cool

Feel like a superhero with no cape
Feel pretty good, oh wait I'm doing great
Feels like nothing getting in my way
Feels like
Feel like I got a little more I wanna say
Feels like summertime, oh what a day
Feels like everything going my way
Feels like

Let's go
Na na na na na
Ah yeah, ah yeah, ah yeah, let's go
Na na na na na
I'm feeling pretty good, oh wait I'm doing great
Ah yeah, let's go
Na na na na na
Ah yeah, ah yeah, ah yeah, let's go
Na na na na na
I'm feeling pretty good, oh wait I'm doing great

Wooha, I got you all a check
I make you come correct
There's nothing like the rest
I aimed to be the best
And I did it, who I'm kidding
I'm dangerous un-kept
Now I'm leaving super chilling
Uh, and this feeling kinda vibrant
The morning just started
Just got the touch of mayonnaise
So please don't mind us
It's a brand new whip
This thing got no mileage

It's about to go down (it's about to go down)
I ain't tryna play around (ain't tryna play around)
Do you wanna come fly with me
Let's get lost in the clouds (lost)
Go ahead and take a look around (okay)
You can feel the energy (I feel it)

Feel like a superhero with no cape
Feel pretty good, oh wait I'm doing great
Feels like nothing getting in my way

Feels like
Feel like I got a little more I wanna say
Feels like summertime, oh what a day
Feels like everything going my way
Feels like

Let's go
Na na na na na
Ah yeah, ah yeah, ah yeah, let's go
Na na na na na
I'm feeling pretty good, oh wait I'm doing great
Ah yeah, let's go
Na na na na na
Ah yeah, ah yeah, ah yeah, let's go
Na na na na na
I'm feeling pretty good, oh wait I'm doing great

I put the extra next to the ordinary
Wanna come join, oh yeah, more the merrier
C'mon, no lacking, bruh, I'm spectacular
And you know, you know, you know, you know, I
Put the super next to the natural
Right here and even in the national
Keep it light, some real casual
I love that for you, now that's how I do

Feel like a superhero with no cape
Feel pretty good, oh wait I'm doing great
Feels like nothing getting in my way
Feels like
Feel like I got a little more I wanna say
Feels like summertime, oh what a day
Feels like everything going my way
Feels like

Let's go
Ah yeah, ah yeah, ah yeah, let's go
Na na na na na
Ah yeah, let's go
Ah yeah, ah yeah, ah yeah, let's go
Na na na na na

I'm feeling pretty good, oh wait I'm doing great
