

Never Get Enough

Outasight

(Uhh) look at my watch
2 AM ain't never gon' stop (don't stop)
I'm going right to the top
Penthouse full, I think I'm ready to rock (bing)
I got work to do
I wanna ride around in convertibles
It's long overdue
I'm ready for another run I was up to you
Come on (let's go)

We goin' all night
Been waiting for this moment my whole life
Ain't nothin' you can tell me I'm just fine
Yeah I said it before I'm 'bout to get mine (yeah!)
Unstoppable, untouchable
'Bout to let it loose
No matter where you from
No matter where you been
There's only one thing we came to do
Let's go!

Everybody loves a good time (ayy)
Everybody loves a good time (ayy)
Everybody loves a good time, yeah (ayy)
I can never get enough
Everybody loves a good time (ayy)
Everybody loves a good time (ayy)
Everybody loves a good time, woah (ayy)
I can never get enough

Show me what a good time is
Oh yeah
I can never get enough (never get enough)
Tell me where a good time is
Oh yeah
I can never get enough (never get enough)
Oh oh oh

Uber lux wit the 5 star rating
My drink neat and so is my presentation
Ha, the way we celebrating (yeah!)
We go wild like a standing ovation
It's pretty much amazin'
Turn any night into an occasion
Make a dive by Vegas
Coachella the way we all singing

Everybody loves a good time (ayy)
Everybody loves a good time (ayy)
Everybody loves a good time, yeah (ayy)
I can never get enough
Everybody loves a good time (ayy)

Everybody loves a good time (ayy)
