Satellites

Outasight

You keep on running
Running from something
I don't know why you're so afraid
You live, you learn, you love
You f**k and then you go
You take the good with the bad and
The happiness you have is based on what you know
Modern girls, they be trippin'
Snapchattin' Intsagramin'
Fake posing in they pictures
I just wanna find a real girl, real love
Like Mary J said when I was eighth
Yo I feel her
So say [?] that fake chick
You're honest, you're sacred
You hate time that's wasted
Got your own dreams that you're chasing
And that's respect
Got [?] you ain't reached yet
Great looks and I know so
That's something they ain't teaching
Let's go
So tonight we gettin' high as satellites (in the sky, in the sky)
Like satellites
And when our worlds collide
I want you here by my side
Yeah, high as satellites
In the sky like satellites
And when our worlds collide
I want you here by my side
I keep on running
Running from something
I don't know why I'm so afraid
And I know what you thinking
When your phone start ringing
Real late and you pick it right up
You're searching for a meaning
But this [?]
I'm asking right now what's up?
Yeah
I know I'm busy
But this the world we live in
And man, I know I've been missing
Someone to hold me down
Break me off like intermission
Hotter than
God I've wishing for
You can come around here
Just in case I don't sound clear
Straight up and down
Like an hour long flight
Not talking about our life
Just talking about tonight
So tonight we gettin' high as satellites (in the sky, in the sky)
Like satellites
And when our worlds collide
I want you here by my side

Yeah, high as satellites
In the sky like satellites
And when our worlds collide
I want you here by my side
(2x)
I don't know
If you care
I swear my words are true
I don't know
If you're here
I promise I'll be
Good to you
Good to you
Good to you
Babe
Good to you
Good to you
Good to you
Babe
Good to you
Good to you
Good to you
Babe
I promise I'll be good
(2x)
