

## Barrio

## Outlandish

Run into the barrio  
Run into the barrio  
Whenever rains an angel cries  
Makes me sad, to see tears from the sky  
We have everything a boy ever wanted  
Like money, money power respect and toys  
Fancy enough to flown girls  
Girls wanted me, and guys wanted to be me  
He was a smooth criminal, linking like a corny gangster  
And a gentlemen locked in one soul

Yeah  
Amry of lost soul control, survival was a thing  
You really wanna know  
Only fair me show true love with the thugs  
So comfortable live life to the full  
Imma nothing but the rap

Run into the barrio  
Tell me who's next  
Run into the barrio  
Tell you who's next  
Run into the barrio  
You might be next  
Where do we go  
Run into the barrio  
Run into the barrio  
Leave your whole world blind  
Run into the barrio  
Screaming eye for an eye  
Run into the barrio  
Run into the barrio  
It's like this to survive  
Run into the barrio

Yeah angels and demons, fighting on his shoulder  
Over his mind  
Uses tongue as his doormat  
living life way too fast  
He knew it was coming thinking let it happen  
'Cause he was sick of running our girls who wants a king  
Another normative action nothing special

All into the barrio  
Tell me who's next  
All into the barrio  
Tell you who's next  
All into the barrio  
Imma be next  
Where do we go  
Run into the barrio  
Run into the barrio  
Leave your whole world blind  
All into the barrio  
Screaming eye for an eye  
Run into the barrio  
Run into the barrio

It's like this to survive  
Run into the barrio  
Where do we go  
Run into the barrio  
Run into the barrio  
Leave your whole world blind  
Run into the barrio  
Screaming eye for an eye  
Run into the barrio  
Run into the barrio  
It's like this to survive  
Run into the barrio

With a children of hope  
With the same old song  
Same old same old  
But be busy no more  
Run into the barrio  
Run into the barrio

Where do we go  
Run into the barrio  
Run into the barrio  
Leave your whole world blind  
Run into the barrio  
Screaming eye for an eye  
Run into the barrio  
Run into the barrio  
It's like this to survive  
Run into the barrio  
Where do we go  
Run into the barrio  
Run into the barrio  
Leave your whole world blind  
Run into the barrio  
Screaming eye for an eye  
Run into the barrio  
Run into the barrio  
It's like this to survive  
Run into the barrio
