Keep it on and on and on and on

Señoras y señores
Por favor su atención
Outland esta en la casa
La fiesta comenzó
Me han dado la tarea escribir estas líneas
Hacerte balancear sin saber lo que te diga

Y'all better believe that
we got u in check now
better not move
cuz we don't lie just to make it sound fly
to the fools the ho's the pimps
no not these outlanders
ain't no comic mother fucker in out buiz u dig
see we don't fly, we don't use no 45
if u gotta beef then u take it to the streets right
if u feel this outland dirty life style
say dididida dididididida

Outland fam whut
u wanna get down u better stay put
cause we immigrants chilling VIP in clubs
so as long as u shaking u butt and we making it ruff
U can stroll with it
go ahead roll with it
I got at least to ounces to go along with it
Just bounce to this
as I count my amount to this
At the same time elevate u minds to this

Todos lo quieren aprender
No se ni que pensar
Quieren ya correr y no saben caminar
Representamos lo que somos
lo que hacemos y con quien estamos
este cubano cada vez que esta en la luz
pues ya no hay marcha atrás
mi foto esta en tu mente no me puedes olvidar
reconozcan este nombre
temprano o tarde
conquistamos tu lugar vamos para adelante

it be the bad spitting snake
better watch where u step
wanna cross my dirty dessert with that cheap talk u set
na!!! put your money where your mouth is bitch
better crawl before u start to walk kid

Ey yo we coming through
so pump it up 1 time

wanna spin it two times in a row
and let 'em know who runs the show
