In the bus
Bumping with my thugs
You don't want me to get up and slap you whut

On my block
In my set
You don't wanna test
You don't want me to get up and slap u whut

On the porch
In the crib
Eating mammas meal
You don't want me to get up and slap u whut

On the phone
Doing buiss'
Trying to close a deal
You don't want me to get up and slap you whut
