

# Keep It Together

Outlandish

I know that I lie  
More than once in a while  
Outside I smile  
Shed tears inside  
Trying to keep it together  
Keep it together

Even the brightest star  
Will soon soon burn out  
If I feel on top eventually I come down  
Trying to keep it together  
Keep it together

We all strive for the moment  
Some of us even die for the moment  
Trying to keep it together  
Just keep it together

Promise that I will  
Promise that I will  
Try to keep it together yeah  
Keep it together yeah  
Keep it together  
Dale grita mi nombre eh  
Canta mi nombre eh eh  
Canta mi nombre eh eh  
Now everybody wanna know that  
Nothing is for certain  
Nothing last forever  
Till they close the curtains  
Never say never

Everybody wanna go to heaven  
But nobody wanna die  
I cant tell a curse from a blessing in disguise  
Trying to keep it together  
Trying to keep it together  
I'm calm and collected but about to explode  
The loudest in the room on a verge to implode  
Trying to keep it together  
Just keep it together

We all strive for the moment  
Some of us even die for the moment  
Trying to keep it together  
Just keep it together

Promise that I will  
Promise that I will  
Try to keep it together yeah  
Keep it together yeah  
Keep it together  
Dale grita mi nombre eh  
Canta mi nombre eh eh  
Canta mi nombre eh eh  
Now everybody wanna know that  
Nothing is for certain

Nothing last forever  
Now everybody wanna know that  
Till they close the curtains  
Never say never

I only live for the throwbacks  
Things were better and I know that  
Moving forward but I fall back  
Things were better and I know that

Promise that I will  
Promise that I will  
Try to keep it together yeah  
Keep it together yeah  
Keep it together  
Dale grita mi nombre eh  
Canta mi nombre eh eh  
Canta mi nombre eh eh  
Ohh ohh oh oh  
Y vivir y vivir  
Y gritar y gritar  
Canta mi nombre  
Canta mi nombre

Nothing is for certain  
Nothing last forever  
Till they close the curtains  
Never say never
