

Paperchase

Outlandish

We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race

Pa' alla pa' noviembre
Yo nací pa allá donde el sol quema la mente
Donde como alimentarte es exigente
Donde nadie te regala, hay que moverse

People be ready to die yeah
For the diamonds and glitter desire
All this glamour is only for hire
Paísa you flashing will blind me
It will never be take me higher
It's a illusion a fatamorgana

We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race
We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race

I can't allow myself to be broke
I'm falling a sleep but I gotta stay up
Got to admit that it's hard to resist
But time is flashing on by, on my wrist
It will tell the tale about my chase
I don't know what else to say

We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race
We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race

Pa' alla pa' noviembre
Yo nací pa allá donde el sol quema la mente
Donde como alimentarte es exigente
Donde nadie te regala, hay que moverse

We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race
We're all in the paper chase
One by one we losing this race
We're all in the paper chase
One by one we win this race

We're all in the paper chase
