

My Other Car Is a Time Machine II

Outline in Color

I've been building a time machine
To take me back to the days I felt alive
It's gonna work
I know it
Don't we all deserve a second try?

This time I'll be perfect
This time I'll stop glowing and learn to shine
And I know I can save you
If I could live this life a second time

Yeah
Yeah

Broken bottles and empty rooms
The nights were young
Our hearts in bloom
But you can't outrun your youth
I risked my life outrunning the truth
Nothing good can ever last
I'd give it all to change the past

No matter what happened
I can promise you this
I'll never make you cry again
I'll never make you cry again
And all the pain in this world can't
Make me love you any less
I'm never gonna make you cry again
I'll never make you cry again

My youth is lost
I just wanna go back
No matter the cost
I pushed around my only friends
And stay away from all the dead ends
I'm gonna live to see another day
We all regret something in some way
And I know where you go when you feel bad
But I won't give away your hiding place

Remember when we said we wanna be different?
It seems so disappointing that you're gone in a minute
I cut the head off of the snake
I'll never die hard for God's sake

Nothing good can ever last
I spent a lifetime living in the past
Nothing good can ever last
I spent a lifetime living in the past

I feel nothing
I'd give it all to try to feel something
My youth is gone
All the lies that I've told the people I walked on
I sold my soul
I lost it all and now I'm in this hole

I feel nothing
I'd give it all to try to feel something

I've been building a time machine
To take me back to the days I felt alive
It's gonna work I know it
I think that I deserve a second try
This time I will save you
From all the pain I've caused you in your life
And everything will be perfect
If I can make it right

No matter what happened
I can promise you this
I'll never make you cry again
I'll never make you cry again
And all the pain in this world can't
Make me love you any less
I'm never gonna make you cry again
I'll never make you cry again
