Outline in Color

Someone make it stop
Am I the only one seeing through the misdirection?
Give me a reason
To fake a smile when I hate this fucking world we live in
You worthless fuck
How could you really been so detached?
So out of touch
You're all insane
So keep those ideas in your twisted imagination

You can be who you want and say what you wanna say
Don't let them take your voice away
You can fuck who you want and change what you wanna change
Don't let them take your voice away
Spit it out
Spit it out
Spit it out
Can't get this bitter taste out of my mouth
Spit it out
Spit it out
Spit it out
Don't let them take your voice away

And I ate that slop that they shoved to my face
And I clean my plate
Yeah, I clean my plate
But I couldn't choke it down, couldn't stand the taste
So I spit it all back out in their face

Fade and decay
It's all the same
We are not victims
I'm not a victim
Tired of the shame
It's not okay
We are not victims
I'm not a victim
Oh
Oh
Oh

You can be who you want and say what you wanna say
Don't let them take your voice away
You can fuck who you want and change what you wanna change
Don't let them take your voice away
Spit it out
Spit it out
Spit it out
Can't get this bitter taste out of my mouth
Spit it out
Spit it out
Spit it out
Don't let them take your voice away

No matter who you are
You have an identity
Nobody can tell you who to love

So to the oppressors and the dead weights
Tell them
You can't force-feed me this shit anymore
Fuck

Spit it out
Spit it out
Spit it out
Can't get this bitter taste out of my mouth
Spit it out
Spit it out
Spit it out
Can't get this bitter taste out of my mouth
Spit it out
Spit it out
Spit it out
Can't get this bitter taste out of my mouth
Spit it out
Spit it out
Spit it out
Spit it out

You can be who you want and say what you wanna say
Don't let them take your voice away
You can fuck who you want and change what you wanna change
Don't let them take your voice away

The stabs they made
Bring out the pain that we feel today
We just wanna be brave
Don't let them take your voice away
Spit it out
Spit it out
Spit it out
Can't get this bitter taste out of my mouth
Spit it out
Spit it out
Spit it out
Don't let them take your voice away
