

Tapdance At Knuckle Junction

Outline in Color

Reality is not what it seems
A slave for nothing
Just to feed the machine
Just like the others
Our dreams are dead

Our lives wasted
On stage for the world to watch
Our lives taken
On stage for the world to...

They gave us loyalty
Tried to steal everything that set me free.
Well, we have something that you can't buy
A blind heist seen by a thousand eyes

I gave you everything I had in me
I gave up everything I worked for
I gave you everything that I could be,
But you...

You've taken my hope
You've stolen my life
You've broken the skin
And you've twisted the knife
I feel naked and used
I feel like I can't breathe
I feel like you have taken
Everything from me

Keep your ground
We'll be the ones
To tear your pedestal down
Fuck what you think
You've buried yourself too deep

A guilty thief caged, begging for pity
When the spotlight comes
Who will you turn to now?
The verdict is made
And I won't be found
When your apologies fade
Ashes to ashes, dust to dust
When all the years are gone
Who's left to trust?
You'll never know who we are
Remember this song
When we've gotten so far

Wo-o-o-oh
Yeah
Oh-o-o

I feel the walls are closing in
I feel the oxygen depleting
I gave you something I can't get back

But you've taken my hope
You've stolen my life
You've broken the skin
And you've twisted the knife
I feel naked and used
I feel like I can't breathe
I feel like you have taken everything from me

They gave us loyalty
Tried to steal everything that set me free.
Well, we have something that you can't buy
A blind heist

We're not broken
This hasn't begun to start
We're not broken
This hasn't begun to start
