

# Never Get Enough

Over It

It's not easy  
No satisfaction guaranteed  
Still I get queasy  
Trying to make them see anyway  
I used to wonder  
When will we get enough?  
Have I had enough?

Oh Yeah  
Do you ever want the future today?  
Oh Yeah  
Isn't there something we can take to know better?

Memories fading (memory's fading)  
Fingertips keep forgetting the way  
So green with envy (so green with envy)  
It's like a tidal wave crashing all over me

I used to wonder  
When will we get enough?  
Have I had enough?

Oh yeah  
Do you ever want the future today?  
Oh Yeah  
Isn't there something we can take to know better?  
Oh Yeah  
If I measure my hope by my jealousy  
Oh Yeah  
I know the feeling won't stop  
We'll never get enough

Can we stay in bed today  
And just get to know  
The feeling that this was meant to be?  
Oh

Oh Can we stay inside today  
And hang up the phone  
And just be alone?

Its not easy  
No satisfaction guaranteed  
I get queasy  
They're rolling their eyes but here's what I've got to say

The price of beauty (the price of beauty)  
To find love in a quiet moment of pain  
Stay for a lifetime (stay for a lifetime)  
Its gonna take the rest of our days to explain

Oh yeah  
Do you ever want the future today?  
Oh yeah  
Isn't there something we can take to know better?  
Oh yeah  
If I measure my hope by my jealousy

Then the moment won't come  
For the feeling to stop telling me what to love Telling me not to forget till  
its done  
Its not gonna change till I know that we've won  
And We'll never get enough
