

Scream

Over October

It's 1:23 and I'm alone no one can see and I'm
I'm thinking about all the things that you said to me
Not sure if they were lies you said,
"I'm not sure about the other guys" but the way that you dress
I confess ain't a mess and it's giving me stress
But I love you no less can't you see this feeling in me
It's sucks when you flirt you get kicked
To the dirt don't you know that it hurts

You make me scream

Sent you a text late that night
It's been three days and there's still no reply
You've got my head spinning and ringin'
All I needed was "Hi!", girl I
I jumped, couldn't swim
Ran in a race I couldn't win
Made a fool of myself, put me up on the shelf
You've taken my wealth, now you're taking my health
Baby please, don't do this to me, yeah
So please stop with the frames and the games and the names
It drives me insane but then I love the pain
And the way that you kiss me sends sparks to my brain
Never mind what I said, you're just still one to blame

You make me scream

I've 1, 2, 3, 4, 5, 6, 7 problems
And they're all you
I've got one girl, three more waiting baby, it's a long line
But I still love you

You make me scream

You make me scream
You make me scream
You make me scream
Yeah
