

# Let's Spend the Day in Bed

## Over the Rhine

Let's spend the day in bed, yeah, that's what I said  
Let's lie down, draw the shades  
Ditch the plans we made  
Rest your lovely bones and just stay home

Turn off the telephone, picnic on the sheets  
Toss the dogs some treats, rub each other's feet  
We're not ashamed of a little lazy love  
Till we're through, I'm gonna spend the day in bed with you

Let's spend the day in bed on our very own bed spread  
A pajama holiday  
Catch a black and white matinée  
Spoon feed these new daydreams and just stay home

We'll read Shel Silverstein, 'Where The Sidewalk Ends'  
Smile about old friends, try to comprehend  
One single day, no work and only play  
Kick off your shoes, I'm gonna spend the day in bed with you

Life's a drag, we'll get stoned on love  
Stoned on love, just stay home  
We'll get stoned on love, stoned on love

We need a groove that's all our own and we'll get stoned  
Just stay home  
We'll get stoned on love, stoned on love

Till we're through, I'm gonna spend the day in bed with you

Let's spend the day in bed, forget all that I said  
We'll eat your favorite pie, ice cream on the side  
Lie here a la mode and just stay home  
Just stay home, just stay home

When life's a drag, we'll get stoned on love  
Stoned on love, just stay home  
We'll get stoned on love, stoned on love

We need a groove that's all our own and we'll get stoned  
Just stay home  
We'll get stoned on love, stoned on love

When life's a drag, we'll get stoned on love  
Stoned on love, just stay home  
We'll get stoned on love, stoned on love

We need a groove that's all our own and we'll get stoned  
Just stay home  
We'll get stoned on love, stoned on love  
Just stay home
