

## New Redemption Song

Over the Rhine

Lord, we need a new redemption song  
Lord, we've tried, it just seems to come out wrong  
Won't You help us please, help us just to sing along  
A new redemption song, a new redemption song

Lord, we need a new redemption day  
All our worries keep getting in the way  
Won't You help us please, help us find the words to pray  
To bring redemption day, to bring redemption day

Lord, we need a new redemption song  
Lord, we've tried, it just seems to come out wrong  
Won't You help us please, help us just to sing along  
A new redemption song, a new redemption song
