

The World Can Wait

Over the Rhine

if this should end tomorrow all our best laid plans and all our
typical fears am I running out of lifetimes this is not the fi
rst time something ends in just tears

but tomorrow I can't imagine how am I supposed to know what's y
et to go down ? is there only one religion the kind that whispe
rs when nobody comes around ?

the world can wait the world can wait I wanna drink the water f
rom your well I wanna tell you things i'll never tell the world
can wait the world can wait i'm wide awake and the world can w
ait

I want to feel and then some I have five senses I need thousand
s more at least every day a page of paper every night a photogr
aph a moveable feast

so fade to black and white now roll the movie of my life inside
of my head 'cause like all true believers I am truly skeptical
of all that I have said

the world can wait the world can wait I wanna drink the water f
rom your well I wanna tell you things i'll never tell the world
can wait the world can wait i'm wide awake and the world can w
ait

haven't I said enough haven't I said far too much haven't we do
ne enough haven't we done far too much
