

The Fog

Overcoats

They don't, they don't
Understand what I got
They don't, they don't
Understand what I got
They watching me, but I'mma do what I want

Freedom is when I'm without you
When the fog lifts, I'm the only one I see
Freedom is when I'm without you
When the fog lifts, I'm the only one I see
Oh I'm the only one I see, see

He yanks me like he can move me
Don't he think I have my own needs?
Use me up when he feels weak
Take my strength from me like a bad dream
Talks me down till I'm sitting silent
Wants me to ask before I speak
As I hold my tongue all I taste
Is his bitter greed
Bitter greed

Freedom is when I'm without you
Freedom is when I'm without you
Freedom is when I'm without you
Whoah Freedom is when I'm without you

Freedom is when I'm without you
When the fog lifts, I'm the only one I see
Freedom is when I'm without you
When the fog lifts, I'm the only one I see
Oh I'm the only one I see, see
Oh I'm the only one I see, see
They don't, they don't
Understand what I got
They don't, they don't
Understand what I got
They're watching me but I'mma do what I want
