

## Fever

## Overkill

Hold on, we're coming to save you from yourself  
Hold on, we'll be right there, you don't need no one else  
We'll be there from birth to death, record your first and dying breath  
Hold on, we're coming, yeah, to save you from yourself

Fever

Way over the rainbow, you drink poison from the well  
I feel the chains around my spirit and only time will tell

Hold on, we're coming to set your spirit free  
Hold on, we'll be right there, so you can follow me from yourself

Fever

Far from home illusions, as far as I can tell  
The voices of confusion halt me, send the voices straight to hell  
Keep your body still while your hands are shakin'  
Way over the rainbow  
Keep your pockets full while the man is takin'  
Keep the chamber full while the shots are rakin'  
Bangin' on your head while your bones are breakin'  
Poison from the the well  
I feel the chains around my spirit  
And only time will tell

3/12/20, all shot down  
And I don't know if I believe her  
Two-thirds money wear the crown  
And I don't even know I believe it myself  
We call it fever  
Fever, fever, fever  
We call it fever  
Fever, fever, fever  
We call it fever

3/13, and shut my mouth  
As the heat and the sweat deceive her  
Flies to honey, out the south  
And I don't even know I believe it myself  
We call it fever  
Fever, fever, fever  
We call it fever  
Fever, fever, fever  
We call it fever

Hold on, we're coming, hold on, we'll be right there for you  
Hold on, we're coming, hold on, there's nothing more to do
