

Harder They Fall

Overkill

Ice water flowing through his veins
Rumor has it that it comes and goes in waves
The face of fear, baby, he's your man
With evil inside the heart, he does the best he can
The best he can

And so it goes, he's already dead
A monument to the neon red
And so it goes to the lost and found
And so it goes when he comes around
And you want it, you need it
You got to, got to, got to, got to have it

Harder they come, harder they fall
When he comes around, it's always harder they fall
Harder they come, harder they fall
Here he comes again, and yeah he's hitting the wall
Harder they come, harder they fall

Saddle up the horseman's reigns
Rumor has it that he rides the road he paves
He'll be there in a handmade crown
He'll be there when it's time to come around, breakdown

And so it goes, he is never seen
A monument to the neon green
And so it goes when you're underground
And so it goes when he comes around

And you want it, you need it
You got to, got to, got to, got to have it

Harder they come, harder they fall
When he comes around, it's always harder they fall
Harder they come, harder they fall
Here he comes again, and yeah, he's hitting the wall
When he comes around, it's always harder they fall
Here he comes again, and now he's hitting the wall
Harder they come, harder they fall

He wants a table with his back to the door
Facing the mirror from the ceiling to floor
He wants the window cracked to feel the fresh air
He wants to feel like he's the only one there
When he comes around
When he comes around

So it goes, he's already dead
A monument to the neon red
And so it goes to the lost and found
So it goes when he comes around
And you want it, got it
Got to, got to, got to, got to have it
And you want it, you need it
Got to, got to, got to, got to have it

Harder they come, harder they fall

When he comes around, it's always harder they fall
Harder they come, harder they fall
Here he comes again, and now he's hitting the wall
When he comes around, it's always harder they fall
Here he comes again, and now he's hitting the wall
Harder they come, harder they fall
Here he comes again, and now it's harder they fall
Harder they fall
