

Killogy

Overkill

Painless
Got it in the desert sun
I wanna know why
Rainless
Looking at the time
I think I'd rather know where

Another chance to get away
All the things I'd make you need, I'd make you stay

Cannot get a grip or have I lost my mind?
Lately it's so hard to find

Timeless
Wait another round, it never shows
Spineless
Waiting in line afraid [?]

I need for a change
But all the things I need to change remain the same

I'm changing, yeah, I'm changing
No time to think about it
I know I'll never be the same

Time's up

Exploding heads exploding
There's no one left to kill

Cannot get a grip or have I lost my mind?
Lately it's so hard to find

You are
Born to kill
You are
Born to kill
