

# Won't be Comin Back

Overkill

Can I get another minute with you?  
It seems the heart is full of hate and death and war  
And can I get a little leather to chew?  
It seems my head is full, my mouth just wants to roar

Lightnin' strikin' my barren plane  
Electric currents run through my brain

All for one or naught, a penny for your thoughts  
Won't be comin' back this way  
Eat to get your fill, so take now what you will  
Won't be comin' back this way

Hey, I'm flyin' high, into that angry sky  
I got a feelin' that we won't be comin' back this way  
Hey, I'm flyin' high, ride up till we die  
I got a feelin' that we won't be comin' back this way  
Won't be comin' back this way  
Won't be comin' back this way

And if I had another minute to live  
I'd wash the seconds down with flight, and I would soar  
And if I had another two-fucks to give  
I'd fill the air with sound and sweat from every pore

Wrong or rightin' the endless game  
Steadfast fightin' the scorn, the blame

All for one or naught, a penny for your thoughts  
Won't be comin' back this way  
Eat to get your fill, so take now what you will  
Won't be comin' back this way

Hey, I'm flyin' high, into that angry sky  
I got a feelin' that we won't be comin' back this way  
Yeah, we're flyin' high, ride up till we die  
I got a feelin' that we won't be comin' back this way  
Won't be comin' back this way  
Won't be comin' back this way

Hey, I'm flyin' high, into that angry sky  
I got a feelin' that we won't be comin' back this way  
Hey, I'm flyin' high, ride up till we die  
I got a feelin' that we won't be comin' back this way  
Won't be comin' back this way  
Won't be comin' back this way

Won't be comin' back  
Won't be comin' back  
Won't be comin' back  
Won't be comin' back  
This way
