

## Heads Will Ache

Owen

a head that aches doesn't have to stay that way. just let some things go. i know there's pain in leaving things all too well. a heart that craves doesn't have to stay that way. just let some things go. in time, you'll find needing things only kills you slowly.

if you're not sure who you are, you're not alone. if you're not sure what you want, you're not alone. if you're not sure in life of love, you're not alone. just let these things go.

tell your friends hey. come on over and we'll talk. you bring the drinks, i'll bring the bad news. everyone feels like you. tell your dad to come on over and we'll talk. you bring your drink. i'll bring the f\*\*k yours. young man, you're not alone. tell your girlfriend you need her to be there at bedtime 'cause you can't sleep with your mind on all these things.
