

I Believe

Owen

Hallelujah! I just found Jesus Swimming at the bottom of the bottle
I keep crawling out of He said You look familiar but I can't
place your face I said You look like hell and that we used to
hang at my mother's request

Hallelujah! I just found Jesus Trying to save the world through
the wet hands and mouth of a girl She's convinced me to stay in
for as long as we both shall live (Or until one of us gets bored)

Have I been saved? 'Cause I feel the same Dirty and tired Can I
be saved without having shame or remorse for what I don't believe?

I offer up my humbled soul and my broken spirit All those things
that I can't control The intangible bullshit to you, my Lord

I believe there is no white light Somebody's mistaken or somebody
lied I believe there is only one truth It resonates differently
in me and you
